Empowering Future Leaders at New City College

Building skills, shaping futures.

Who We Are

- Largest Outstanding Further Education provider in UK
- Multiple campuses serving diverse communities
- Strong vocational, technical, and professional offer
- Partnerships with employers, universities, and global organisations
- Aligned with UK's national skills agenda
- Focus on innovation, inclusion, and collaboration
- Supporting employers and industries of the future

New City College's Mission and Vision

- Mission: To provide exceptional learning and training opportunities that prepare learners and businesses for success.
- Vision: To be a leader in education, skills development, and workforce transformation.

Overview of Training Programmes

- Wide range of professional courses
- Industry-recognised qualifications & non accredited skills development
- Flexible delivery methods (online, in-person, hybrid)
- Designed to meet workforce and career needs

Apprenticeships

- Work-based learning combining employment and study
- Industry-specific skills and nationally recognised standards
- Supporting both young people and career changers
- Strengthening workforce pipelines for employers

Commercial Training

- Specialist training for businesses
- Short courses, compliance, and leadership programmes
- Delivered by industry experts
- Helping organisations upskill and stay competitive

Tailored Training Programmes

- Custom-designed to meet specific business needs
- Co-created with employers
- Flexible scheduling and formats
- Driving measurable results for organisations

Partnerships with Employers

- Strong collaborations with industry leaders
- Employer advisory boards shaping training
- Joint initiatives to create future-ready workforces
- Supporting regional, national & international growth

Commitment to Green Skills and Sustainability

- Training programmes focused on renewable energy, sustainability, and green practices
- Upskilling workforces to meet net-zero goals
- Building awareness of sustainable business practices
- Preparing industries for a greener future

Conclusion

- Partner with New City College today to shape your workforce of tomorrow
- Explore training opportunities for individuals and businesses
- Invest in skills, invest in success
- Let's work together to build the skills that shape the future
