

**Fiona Horrell**  
DCTPN International  
Chair and DCTPN Trustee

## DCTPN International

A new alliance that offers exceptional training and partnership opportunities

Who are DCTPN?

**Devon and Cornwall Training Provider Network (DCTPN):**

- TVET Membership Body
- Is not for profit
- Over 50 members representing the vocational education sector
- World-leading members

# DCTPN International

---

## Strategic Aim

To collaborate internationally to meet the growing demand for green and blue skills

Who are we?

## DCTPN International can provide:

Training and education at all levels.

Sector specific training with a focus on the **blue** and **green** sectors with specialist knowledge in:

- Marine and Maritime
- Renewable Energy including offshore wind, electric vehicle, retrofit and clean energy
- Green construction

Within these sectors we can support:

- Train the trainer
- Guest lectures and masterclasses
- Curriculum development and accreditation
- Digital transformation including partnerships with Google
- Industry-focused professional training
- Student and academic staff exchange

## Experience to date

- Partnership in Morocco - supporting growth and development of renewable energy training - new curriculum and student and staff exchange
- Governmental support in Nepal to establish the Green Skills Advisory Board - a national public and private partnership that exists to accelerate skills programmes in the green economy
- Developed a partnership between University of Exeter and Kathmandu University to capacity build knowledge in renewable energy. Masterclasses, academic guest lectures
- Facilitated a bid to The British Council representing DCTPN International members to support green construction growth in Morocco
- Facilitated partnerships with TVET College members in Botswana, South Africa and Malawi in green construction, Agri-Tech Renewables.
- Developed a TVET Education Excellence Leadership course for 50 TVET leaders in Malawi including implementation and growth of Centres of Excellence TVET Institutions.

## Summarising our offer

---

- Facilitated partnerships with world leading organisations
- Brokerage for leading, specialist training in the green skills area
- International funding and partnership opportunities
- Institutional and Governmental capacity building
