Antrec Limited - a subsidiary of Learning Curve Group, rated Outstanding in 2022

“ We have had a long-standing relationship with Learning Curve Group. With their expert support, and utilising their learning resources, we have been able to transition to direct delivery, helping us to meet our localised priorities and increase our holistic offer to individuals and employers, whilst meeting our funding growth targets.

Jamie Stevenson - Group Director
Apprenticeships and Business Development,
New City College

“ The bitesize programmes have been a fantastic support for our delivery of study programmes and traineeships. Having a platform that allows us to offer interactive learning across key subject areas and provide detailed reporting has been invaluable. Learning Curve Group are really supportive with any queries we've had too.

Graeme Hodge - Head of Learning Resources,
NESCOT

“ Learning Curve Group is the best adult education provider in the field. A professional team, from the moment of first point of contact onwards. I have been working with LCG for over a year, and it was no surprise at all they have been winning many awards across the board over the last few years. Warm, friendly, and professional throughout I give them my highest recommendation.

Andy Ridgway - Co-Founder,
Everybody Counts

Learning Curve Group stands as the premier provider of superior learning materials in the UK, catering to a broad array of globally recognised qualifications. Each year, we extend our support to hundreds of organisations and thousands of learners, offering them approved and accredited educational content.

Our courses can be used as stand-alone qualifications, and cover a breadth of levels and sectors. We also have course materials which embed English and maths qualifications into relevant work and life scenarios.

Our awarding body approved online assessment platform, eAssessor Pro, allows learners to complete their assessments via any internet-enabled device, making learning more accessible to your learners.

Within the price of the materials, we also supply:

- > Training courses for delivery staff / CPD
- > Tutor marking guides
- > Course marketing materials

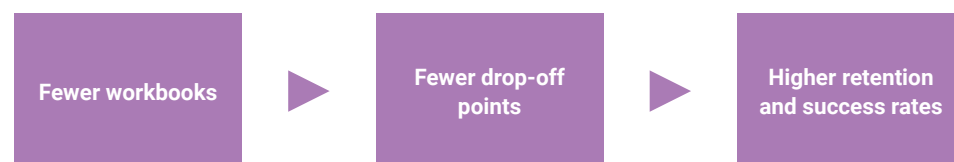

Partnered with the following organisations:

SUPPORT SERVICES

We have worked with sector specialists and awarding bodies to help ensure that our learning resources and support are the market-leader in this sector.

We have reduced the number of printed workbooks per product which has resulted in fewer drop-off points for learners, and has positively impacted retention and achievement.

We have an experienced Consultancy team who can give guidance on regulatory requirements and audit to ensure that the resources are used effectively.

Each customer is allocated a Key Account Director who supplies customisable marketing collateral to allow branding and bespoke contact details to be added. High quality tutor resources are also supplied to support in effective delivery.

Our resources are available in paper-based and electronic format to support the learning needs of your target groups. Our online assessment portal, which has been extensively utilised with centres, is provided with no additional annual fees, and a dedicated Help Desk team supports all our active centres.

“ LCG and NCFE have had a longstanding partnership over ten years, which has enabled our centres to access LCG’s market-leading expertise in providing high quality and valuable learning experiences for individuals looking to improve their social mobility and career prospects through progression in learning, in work and wages.

David Gallagher - CEO,
NCFE

“ Innovative. Interactive. Customisable. We are continuously discovering what enhances learning, and that’s where LCG is ahead of the curve.

Brian Cracknell - Director,
Language Works

PROTECT YOUR LEARNERS WITH OUR SAFEGUARDING APP

How do your learners report safeguarding concerns? Our Safeguarding App can be accessed by your learners on Apple and Android devices.

The aim of the app is to give learners the ability to instantly report any safeguarding concerns through a mobile alert system which they have access to at any time of day, to try and ensure their safety. The app will alert the safeguarding team to the concern so they can offer the appropriate support. You can also use the app to share important information with your learners about types of abuse and Prevent strategy.
